Quality Declaration Nitrile Examination Gloves – EN 455 part 1-4 – AQL 1,5
Directive 93/42/EEC CE Class I and Regulation (EU) 2016/425 Cat III

He herewith declare as responsible producer / owner of Meditrade and MaiMed companies:

- 1) The now offered products do fulfill minimum the same quality as offered before (Nitril BestGen REF1286 and Nitril NextGen REF1283)
- 2) MaiMed-nitril LG PF (REF74094, 95, 96, 97) is a better glove type with higher value as it has as additional safety feature a longer safety cuff (300mm)
- 3) MaiMed-solution (REF76162) PF Nitrile glove has identic features compared with BestGen and NextGen, just packed in boxes with 200 pcs.
- 4) Nitril 3000 (REF1280) has identic features with BestGen and NextGen

Best regards
